6. ☐ Interview Summary (PTO-413),  
Paper No./Mail Date \_\_\_\_.
7. ☐ Examiner's Amendment/Comment
8. ☒ Examiner's Statement of Reasons for Allowance
9. ☐ Other \_\_\_\_.

  
Vit Miska  
Primary Examiner

The following is an examiner's statement of reasons for allowance:

Claims 1-6, 11 and 13-18 are allowed because the prior art does not disclose or suggest a radio controlled timepiece or a control method therefor having hands for indicating time, an external operating member a controller for resetting the seconds value of a timekeeping means to a specific value and starting the timekeeping in response to a specific operation of an external operating member, and time adjustment means for adjusting the time based on a time difference between the seconds of received time data and the kept time when data is first received after the second specific input operation.

Claims 7-10 are allowed because the prior art does not disclose or suggest a radio controlled timepiece having hands for indicating time, an external operating member, time adjustment means for adjusting time based on update time received by a reception means, wherein the time adjustment means resetting the time data using at least part of the received the update time data when the time data is first received after a second specific input operation of the operating member, and until a third input operation is received comparing the received update time data and the kept time when the update time data is subsequently received, and adjusting the time based on a time difference between the received update time and the kept time.

Claim 12 is allowed because the prior art does not disclose or suggest a control method for a radio controlled timepiece with hands for indicating time, an external

operating member, including the steps of setting the kept time using at least part of the received time data when the time data is first received after a specific input operation of the operating member, and until a second input operation is received comparing the received update time data and the kept time when the update time data is subsequently received, and adjusting the time based on a time difference between the received update time and the kept time.

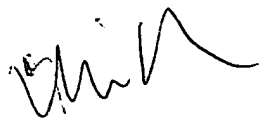

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vit W. Miska whose telephone number is 571-272-2108. The examiner can normally be reached on M-F 9-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, K. Cuneo can be reached on 571-272-1957. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
